Order Now To Maximize Your Symposia Participation

Fully supported high-speed attendance tracking for your Symposia, including staff to operate and scanning results uploaded afterwards.
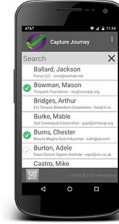

*Devices to be utilized for Symposia Scanning ONLY

Capture Journey
Attendance Tracking

$550 1 Device

If you require attendance tracking for your Industry Supported Symposia, rent a Capture Journey tablet. Staff will be provided to assist in the scanning process, and will arrive at the specified scanning start time with the scanning device(s). Price is per symposia, and based upon a 3 hour rental period.

High Speed Scanning

$400 per additional device

Staffing to assist scanning the Symposia

Scan upload only supported in limited wireless areas.

Scans uploaded upon return and available via secure website within 48 hours of conclusion of the event.

Each order is per symposia. If you are scanning multiple symposia, an additional order is required.

Tip - It is advised to rent 1 tablet per 150 attendees to avoid lines as attendees enter the room.

Fully Supported, Easy for You

This service includes staffing for each Symposia, who will arrive at the place & time specified by the sponsor. Staff will be responsible for managing all aspects of scanning the Symposia, including pick-up and return of the device - leaving you nothing to worry about.

For questions regarding staffing, contact **WCLC2017-Satellite@icsevents.com**.

Scans uploaded upon return and available via secure website within 48 hours of conclusion of the event.

Over 800 thousand leads captured.

Know your audience.
Use attendance tracking to measure the success of your event and build on it next year.

For inquiries post deadline, please contact sales department.
