### 09:00 - 18:15: IASLC Symposium on the Advances in Lung Cancer CT Screening (Ticketed Session)

F201 + F202 (Annex Hall)

Track: Radiology/Staging/Screening

#### Objectives:

1. The Symposium will provide a forum for in-depth reviews of core issues with the current status of lung cancer screening with internationally recognized experts in a highly interactive setting.
2. Sessions are designed to provide the IASLC Membership with an opportunity to discuss practical issues with implementing lung cancer screening implementation with Experts in the field.
3. A focus of the forum will also include a review of how related research areas such as with medical and surgical interventions are intersecting with screening research as well how biomarker research is also evolving in this new field.

#### 09:00: Welcome to the Special Symposium

*Claudia Henschke, USA & Giulia Veronesi, Italy*

#### Session 1: Status of Lung Cancer Screening in USA and Europe

*Giulia Veronesi, Italy & Robert Smith, USA*

#### 09:10: Lung Cancer Screening - IELCAP Contribution to CT Screening Implementation

*Claudia Henschke, USA*

#### 10:10: Lung Cancer Screening Status in Europe

*Giulia Veronesi, Italy*

#### 10:40: The European Commission Recommendations on Lung Cancer Screening

*Denis Horgan, Belgium*

#### 11:00: Group Discussion

#### 11:30: Tea/Coffee Break

#### Session 2: Current Lung Cancer Screening Guidelines (Panel Discussion)

Chair(s): *Javier Zulueta, Spain & Claudia Henschke, USA*

#### 12:00: Lung Cancer Guidelines

*Sadayuki Murayama, Japan*

*Matthew Callister, UK*

*Stephen Lam, Canada*

*John Field, UK*  
*David Yankelevitz, USA*  
*Nasser Altorki, USA*

13:00: Lunch

**Session 3: Early Detection Biomarkers**

Chair(s): *Nir Peled, Israel & Luis Montuenga, Spain*

14:00: Lung Cancer Biomarkers - Do We Have Good Candidates for Early Detection?

*Pierre Massion, USA*

14:30: New Approaches to Interventional Pulmonology for Lung Cancer Screening

*Nir Peled, Israel*

15:00: The Airway Transcriptome

*Avrum Spira, USA*

15:30: Quality Control for Lung Imaging Biomarkers

*Rick Avila, USA*

16:00: Tea/Coffee Break

**Session 4: Lung Cancer Screening's Impact on COPD and Smoking Cessation**

Chair(s): *Andrea Borondy Kitts, USA & Kazuto Ashizawa, Japan*

16:15: Lung Cancer Screening and COPD - A Pneumologist's Viewpoint

*Javier Zulueta, Spain*

16:45: Tobacco Cessation in the CT Screening Setting - The Way Forward?

*Jamie Ostroff, USA*

17:15: Communicating Complex Issues Simply: Pivotal Role of Nursing in Lung Cancer Screening

*Joelle Fathi, USA*

18:00: Final Discussion
